

Cost Information

Background

The ESDC Courses are a capacity building measure by EU member states for their personnel working in or being deployed to CSDP missions. According to the agreement by the EU member states, the following cost sharing arrangement has been decided: The country where the ESDC course takes place is the course host and covers all course-related issues while the sending member states cover the cost for the participants they send. **Please note that there are no scholarships available for our ESDC Courses.**

As for our courses, the Republic of Austria (here the Ministry of Defence) has tasked the ASPR with course implementation and the following cost coverage applies:

Costs covered by the ASPR

All Course Costs

Including expertise (international expert trainers), course materials (folders, handbooks, etc.) and course location (conference room with full equipment)

Coffee Breaks during the course time (usually one in the morning and one in the afternoon)

Costs to be covered by participants

We may also organise the lunch as part of the course arrangement, while the participants are to cover the cost (between 20 and 30 EUR, depending on the location and items included: with/without non-alcoholic drink)
