

**EUROPEAN SECURITY AND DEFENCE COLLEGE
(the Austrian Federal Ministry of Defence
and the Austrian Centre for Peace)**

**Invitation to the
Core Course on Security Sector Reform**

(23-24/11/2)

Vienna, from 15 to 21 March 2024
hosted by the Austrian Federal Ministry of Defence,
the Austrian Centre for Peace and the European Security and Defence College

The Austrian Federal Ministry of Defence, the Austrian Centre for Peace (ACP) and the European Security and Defence College (ESDC) have the honour of co-organising the Core Course on Security Sector Reform, to be held in Vienna from 15 to 21 March 2024.

In accordance with the Standard ESDC Core Course on SSR Curriculum, the course aims to enhance the knowledge, skills, and competencies of participants in relation to the concept and principles of SSR as part of the EU integrated approach and other related EU policy and concepts, in particular 'the EU-wide strategic framework in support of Security Sector Reform'. It will highlight the key components of SSR, the various tools and techniques used by SSR practitioners and the challenges that an SSR advisor could face. It will also develop examples of good practice through the collective sharing of experience and provide tools to address future challenges and assess needs in relation to SSR. The course also aims to strengthen a network of SSR experts, with a common understanding of SSR.

At the end of this course participants will have a holistic understanding of SSR, a clear view of different organizations' (EU, UN, NATO, OSCE) approaches to SSR, and will be familiar with SSR related reform processes. Participants will be able to analyse and connect with various actors in the field of SSR, undertake assessments and apply their skills regarding planning, implementing, and monitoring of SSR activities to their work.

We would be pleased if you could nominate suitable candidates for this training activity, which offers them an excellent opportunity to gain an insight into recovery and stabilisation policies in the international context and CSDP and contribute to achieving the ultimate goal of the course, namely providing Member States and EU institutions with knowledgeable personnel, able to work in CSDP-related fields. The ESDC is committed to ensuring an inclusive, gender-sensitive and discrimination-free environment. Only in an inclusive environment can all people, and therefore the ESDC and its partners, realise their true potential. We therefore particularly encourage those applicants who are likely to be under-represented to apply.

Please find attached details concerning the registration process and a tentative programme.
The course will be open to third countries and international organisations.
