

## **EUROPEAN SECURITY AND DEFENCE COLLEGE**

**(The Austrian Federal Ministry of Defence and the Austrian Centre for Peace)**

### **Invitation to the Core Course on Security Sector Reform (25-26/11/1)**

Vienna, from 5 to 9 October 2026  
hosted by the Austrian Federal Ministry of Defence,  
the Austrian Centre for Peace and the European Security and Defence College

The Austrian Federal Ministry of Defence, the Austrian Centre for Peace (ACP) and the European Security and Defence College (ESDC) have the honour of co-organising the Core Course on Security Sector Reform (SSR), to be held in Vienna from 5 to 9 October 2026.

The course is designed to enhance participants' understanding and capabilities regarding Security Sector Reform (SSR) within the EU's integrated approach and associated policies, such as the EU strategic framework for SSR, the civilian CSDP compact, and the strategic compass for security and defence. It will cover SSR concepts, principles of good governance, EU and international SSR policy frameworks, EU support for national SSR program implementation, and related cross-cutting issues. Additionally, the course will foster the sharing of best practices and equip participants with the capacity to address future challenges and assess SSR needs. Furthermore, it aims to strengthen a network of SSR experts united by a shared understanding of SSR principles and actions.

Against the backdrop of a rapidly evolving geopolitical environment, SSR remains essential for strengthening resilient, accountable, and effective security institutions. These developments highlight the continued relevance of SSR in promoting stability, good governance, and sustainable peace. At the same time, the course will provide space for critical reflection and open discussion with experts on both the opportunities and the current limitations and shortcomings of the SSR concept and approaches.

Upon completion of the course, participants will possess a comprehensive understanding of Security Sector Reform, along with insights into the approaches adopted by various international organizations and familiarity with SSR-related reform processes. They will be equipped to analyse and engage with diverse stakeholders, applying their skills to the planning, implementation, and monitoring of SSR activities in their professional endeavours.

We would be pleased if you could nominate suitable candidates for this training activity, which offers them an excellent opportunity to gain an insight in SSR programmes in the international context and CSDP and contribute to achieving the goal of the course, namely providing Member States and EU institutions with knowledgeable personnel, able to work in CSDP-related fields.

The course will be open to participants from EU Member States, EU Candidate States, Third Countries, EU Institutions and International and Regional Organisations.

The ESDC is committed to ensuring an inclusive, gender-sensitive and discrimination-free environment. We therefore particularly encourage those applicants who are likely to be under-represented to apply.
