

EUCTI

European Union Civilian Training Initiative

Institutional Environment

Relationship between EUCTI, other initiatives, programmes and committees

Intervention Logic

How to get from overall objective to concrete activities

Up to 3 conferences/workshops with special focus on training organisations

or stakeholders from third countries were organized (Output 4)

- EUCTI New technology-enabled learning approach, with a strong focus on digital learning and tools developed and tested through at least 2 courses in the framework of innovative capacity building (Output 5)
- All EUCTI activities were evaluated and lessons learned were gathered in evaluation report that provide practical and methodological guidance for effective upcoming training activities (Output 6)

EUCTI INTERVENTION LOGIC

Efficiently trained personnel of the civilian missions in Europe, Africa and Middle-East

Enhanced capacity, of states and international organisations to deploy specialized and highly prepared personnel to EU CSDP missions and other international civilian crisis management.

Improved harmonisation and coherence of civilian training activities in Europe and

beyond.

RESULT 3

SPECIFIC OBJECTIVE OVERALL OBJECTIVE

Enhanced abilities of deployed civilian staff in EU CSDP. OSCE, UN, AU to work in an efficient, effective and sustainable manner to implement their respective missions' mandates

The EU
position as a
peace actor
on the
international
scene has
improved.

- In the next three years, up to 500 civilian personnel have been trained and have increased their knowledge, skills and attitudes for the purpose of participation in civilian crisis management and stabilisation missions (Output 1)
- Training curricula have been updated and up to 7 new courses, requested by the missions, have been developed in dialogue with relevant stakeholders, in the course of three years (Output 2)
- Regular quarterly meetings with three major international organizations and strategic partners in the regions where EUCTI engages organized (Output 3)
